

Clothes Labeling Heat Seal Machine

KRB 10 - Single Anvil Manual Operation

*Fully designed and manufactured in Australia

*Heat controller accurately maintains and monitors pre-set temperature throughout working period.

*Durable Silicon pad base

*Ideal for small laundries, nursing homes and hospitals

*Portable or bench top application

* One Year Warranty

*Voltage - 240 volt AC, single phase mains supply (standard wall socket)

*Weight - 6.6kg

*Machine Size - 430mm long X 330mm wide X 410mm high, Plate dimensions - 100mm X 80mm

*Labels are printed using a Thermal Printer using special marking ink which does not come out in the wash. Once printed, labels can then be heat sealed onto linen using the heat seal machine.

*Printer, ink and software are all available for purchase with the above Clothes Labelling Machine.

*Labels are 14mm x 40mm and are available in rolls of 2000.
