 **AUTOMATIC JUICER**
J 80 Ultra

NEW

BARS - TAKEAWAY OUTLETS - RESTAURANTS - HOTELS - CANTEENS

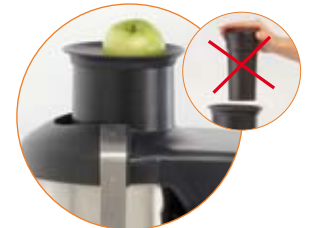

▶ J 80 Ultra AUTOMATIC JUICER

**WORLD
FIRST**

Patented automatic feed system
Exclusively available on the J80 centrifugal juicer.
Its unique design allows for a high throughput and does away with the need for a pusher!

Discover Robot-Coupe's very latest innovations:

- New pulp ejection juicer designed for making freshly-squeezed fruit and vegetable juices
- Patented automatic feed system for continuous throughput of fruit and vegetables with a diameter of up to 79 mm
- Powerful and ultra-quiet commercial-grade motor
- Constant speed of 3.000 rpm
- Stainless-steel motor base for longer lifespan and easy aftercare
- Bowl with no-drip spout

Patented automatic feed tube with a diameter of 79 mm for continuous throughput

Removable (no special tool required) stainless-steel basket for quick and easy cleaning

Stainless-steel bowl with no-drip spout

6.5-litre large-capacity pulp container

JUICE MAKER

SIMPLY AUTOMATIC

Product benefits:

- **Automatic:** the unique design of the feed tube does away with the need for a pusher! You can now process high volumes of top-quality juice quickly and effortlessly!
- **High power, low noise levels:** the powerful, resilient commercial-grade motor operates at a speed of 3.000 rpm, meaning that the juice oxidizes less quickly. The resulting juices are particularly smooth and bursting with flavour. The noise levels of the J80 Ultra are so low that it can be used right in front of the customer.
- **Practical:** no-drip spout to reduce the amount of juice dribbling onto the worktop after each preparation - simply turn the spout.
- **Large-capacity pulp container!** The 6.5-litre container slots neatly under the ejector to avoid pulp splashing onto the worktop
- **Centrifugal juicer basket:** the basket can be removed for easy cleaning without using a special tool.

Users:

Bars, takeaway outlets, restaurants, hotels, canteens

In short:

It has all the qualities you could ask for in a juicer: fast, efficient, resilient and top-quality juice.

▶ Endless possibilities

We are all familiar with the health benefits of fresh fruit and vegetables. Dieticians and nutritionists recommend an intake of at least 5 portions of fruit or vegetables each day. With the J 80 Ultra centrifugal juicer, creating juices becomes a truly pleasurable experience. This unique appliance allows you to enjoy the full goodness of vitamin-rich fruit and vegetables!

The J 80 Ultra juicer is particularly suitable for extracting the juice of pineapples, beetroot, celery, apples, cucumbers, carrots, melons, tomatoes, oranges, grapes, etc. You only need to peel thick-skinned fruit and vegetables, such as citrus fruits and pineapples.

With your Robot-Coupe automatic juicer,
you can turn...

...into delicious juices at the press of a button!

▶ RECIPES

GREAT COMPLEXION

Ingredients (for 3 glasses): 2 carrots, 2 green apples, 1 lime

Peel the lime. Process the apples, carrots and lime in the J80 Ultra juicer.

CRIMSON COCKTAIL

Ingredients (for 3 glasses): 1 fresh medium-sized beetroot, 1 carrot, 1 small bunch red grapes, 1 organic apple

Peel the vegetables and strip the grapes off the bunch. Process all the ingredients in the J80 Ultra juicer. Season with Cayenne pepper.

TROPICAL SMOOTHIE

Ingredients (for 4 glasses): 1 ripe mango, 2 bananas, 2 pots yoghurt, 2 tablespoons honey

Skin the bananas and peel the mango and remove the stone. Process the fruit in the J80 Ultra juicer. Combine the juice with the honey and yoghurt. Pour into 4 glasses and serve.

PINEAPPLE EXOTICA

Ingredients (for 4 glasses): 1 mango, 2 limes, 1 pineapple, 2 oranges, 50 g sugar, a few ice cubes.

Peel the fruit and process the limes, pineapple and mango (remove the stone first) separately in the J80 Ultra juicer. Pour the juices into a shaker in the following order: lime, mango, pineapple and orange. Add the sugar. Shake vigorously for a few seconds and serve in cocktail glasses. Decorate with pieces of fruit.

RASPBERRY COCKTAIL

Ingredients (for 3 glasses): 500 g raspberries, 1 bunch white grapes, 100 ml cane syrup.

Strip the grapes off the bunch. Process the fruit in the J80 Ultra juicer and combine with the cane syrup. Serve chilled.

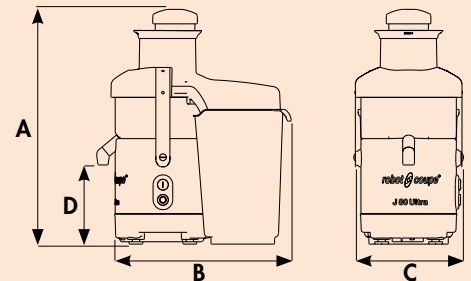

▶ INDUCTION MOTOR

- Asynchronous industrial motor for heavy duty to guarantee longer life machine and reliability.
- Motor built on ball bearings for a silent process, without any vibration.
- Direct drive motor :
 - Extra powerful
 - No belt device
 - No maintenance
 - No brushes.
 - Stainless steel motor shaft.
